PROPERTY DESCRIPTION

Thrive in Blacktown Today!

Discover a welcoming NDIS community where comfort, accessibility, and support come together — your new home awaits in Blacktown.

Thrive365 is proud to present a newly available one-bedroom High Physical Support (HPS) Specialist Disability Accommodation (SDA) villa, supported by 24/7 Supported Independent Living (SIL).

Designed to promote independence while providing peace of mind, this modern villa offers a private and comfortable living environment within a supportive community setting. Featuring accessible design throughout, the home includes spacious living areas, wide doorways, an accessible bathroom, and ceiling hoist provisions to support a range of physical support requirements.

The villa is connected to an established all-female home currently supporting three lovely residents, allowing participants to enjoy the privacy of their own home while remaining connected to a welcoming and supportive community.

Conveniently located in Blacktown, the property provides easy access to local shopping, medical and allied health services, parks, community facilities and public transport. Blacktown Hospital, Westpoint Shopping Centre and the Blacktown CBD are also within easy reach.

At Thrive365, support is at the centre of everything we do. Our experienced support team is trained in complex care and backed by Registered Nurses who provide ongoing clinical oversight and guidance. With 24/7 SIL supports available, participants can feel confident knowing assistance is always on hand when required.

This is more than just a place to live — it is an opportunity to enjoy a safe, comfortable and supportive home while building independence and connection within the community.
